

APIC®

The GOAPIC website:

www.goapic.org

Please take time to view our web page.

You will find information about our organization, officers, and contact information.

Officers would like to visit with you if you have questions or concerns.

GO-APIC collaborates with all healthcare facilities with the state of Nebraska.

GO-APIC's focus is to promote wellness and prevent illness and infection by advancing healthcare epidemiology through education, collaboration, research, practice, and credentialing.

GO-APIC's vision is to improve the health of people by serving as the pre-eminent voice for excellence in the prevention and control of infections and related adverse outcomes.
